Subject: Progress Update for 2026-002-006 Friday

What I did, 2026-002-006 Friday

Dear Kimberly D. Hall, NM-04 supervisor of 54520 competency, Jeffrey D. Welch, NM-04 supervisor of 54510 competency, Richard J. Harris Jr., ND-04 Scientist of 54520 competency, and Peter Cullen Burberry, ND-03 Scientist of 54520 competency,

I would like to give you a progress report for 2026-002-006 Friday. I worked on training today. I didn't make as much progress as I expected to make. I started working on the document "sample amazon srs 1". This was created by Ricky and 1 other person as a way to practice testing.

Anyways, I was focused on

```
1  ### UC-002: Product Detail Exploration
2  **Actor:** Customer
3  **Description:** User explores detailed product information
4  **Preconditions:** User has accessed a product detail page
5  **Main Flow:**
6  1. User views product images and zooms in
7  2. User reads product description and specifications
8  3. User scrolls through customer reviews
9  4. User views Q&A section
10 5. User checks different product variations (size, color, model)
11 6. User views "Customers who bought this item also bought" recommendations
12 7. User compares with similar products
13
14 **Alternative Flows:**
15 - 5a. No variations available for selected product
16 - 6a. User clicks on recommended product
17
18 **Postconditions:** User has comprehensive product information
```

My goal was to work on User views product images and zooms in. Unfortunately, I ran into some issues.

So my goal was to use a laptop. <https://www.amazon.com/Lenovo-ThinkPad-i9-13980HX-Backlit-Fingerprint/dp/B0FV4LVJQK/>.

I want to get a laptop like this. Anyways, here are the specs.

## Product Description

### PERFORMANCE

Processor: Intel Core i9-13980HX, 24C (8P + 16E) / 32T, P-core 2.2 / 5.6GHz, E-core 1.6 / 4.0GHz, 36MB  
Graphics: NVIDIA RTX 4000 Ada Generation 12GB GDDR6

Chipset: Intel WM790 Chipset

Memory: 192 GB SO-DIMM DDR5 Non-ECC

Memory Slots: Four DDR5 SO-DIMM slots, dual-channel capable

Max Memory: Up to 192GB (4x 48GB DDR5 SO-DIMM)

Storage: 4 TB SSD M.2 2280 PCIe 4.0x4 Performance NVMe

Storage Support: Up to two drives, 2x M.2 SSD M.2 2280 SSD up to 8TB, 4TB each RAID 0/1 support

Storage Slot: Two M.2 2280 PCIe 4.0 x4 slots

RAID Preset: None

Card Reader: SD 7.0 Card Reader

Audio Chip: High Definition (HD) Audio, Realtek ALC3306 codec

Speakers: Stereo speakers, 2W x2, Dolby Atmos

Camera: 1080P FHD IR/RGB Hybrid with Privacy Shutter and Microphone

Microphone: 2x, Array

Battery: Integrated 94Wh

Power Adapter: 230W Slim Tip (3-pin)

### DESIGN

Display: 16" WQUXGA (3840 x 2400), IPS, Anti-Glare, Non-Touch, HDR 400, 100%DCI-P3, 800 nits, 60Hz, Low Blue Light, LED Backlight  
Touchscreen: None

Color Calibration: Factory Color Calibration

Keyboard: Backlit, English

Case Color: Storm Grey (Top), Villi Black (Bottom)

Dimensions (WxDxH): 364 x 266 x 30.23 mm (14.3 x 10.5 x 1.2 inches)

Weight: Starting at 2.95 kg (6.5 lbs)

---

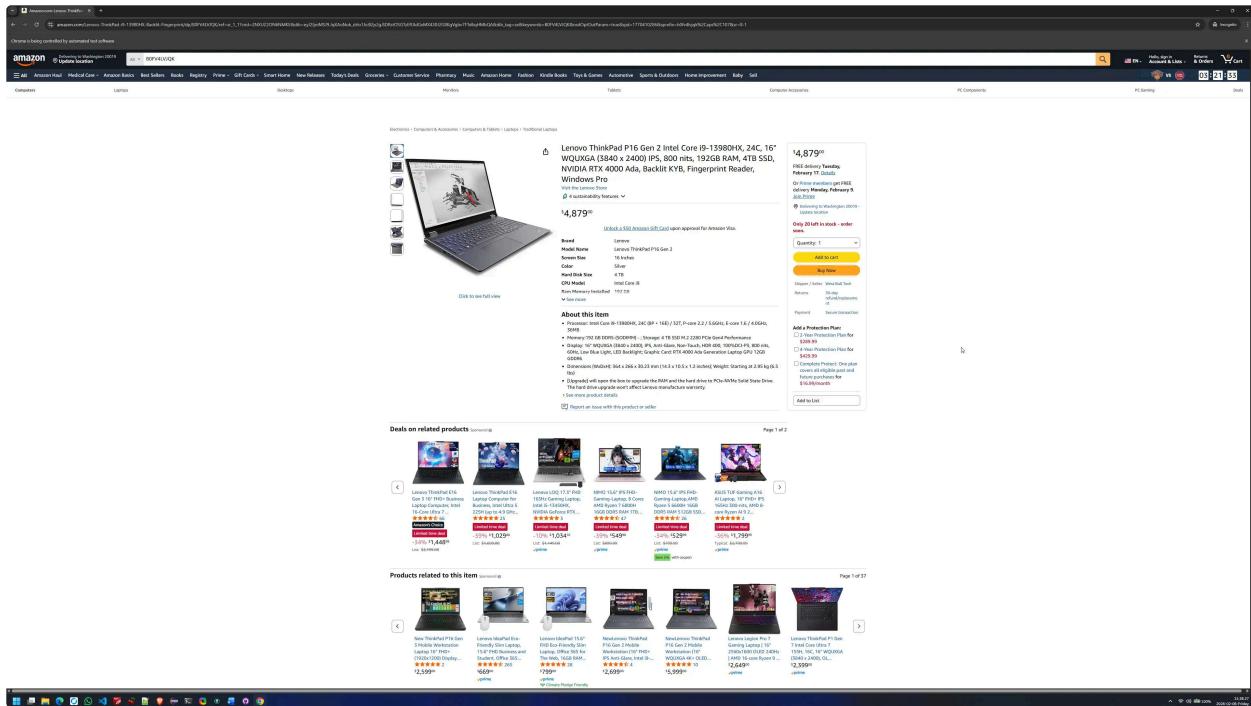

Anyways, I thought that was kind of interesting. So I wanted to use that as my test case. The problem that I ran into is when I added it to cart, it had a pop-up asking if I wanted to add protection.

So I would search for B0FV4LVJQK because that was the unique identifier in <https://www.amazon.com/Lenovo-ThinkPad-i9-13980HX-Backlit-Fingerprint/dp/B0FV4LVJQK/>. Otherwise, it would have been hard to find the laptop. I needed it so the first result of the Amazon search was the product I was looking for. I guess I could have just navigated to <https://www.amazon.com/Lenovo-ThinkPad-i9-13980HX-Backlit-Fingerprint/dp/B0FV4LVJQK/>, but I didn't want to change that.

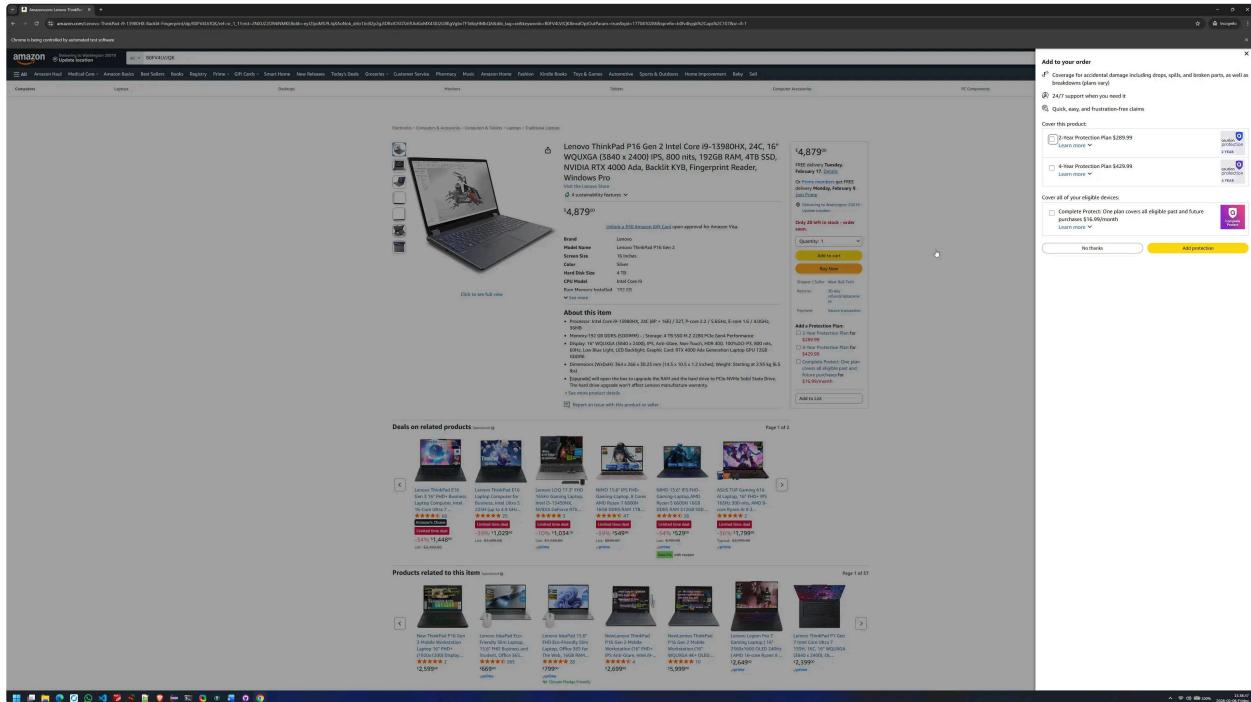

Anyways, so here we have

I click on it.

I click Add to cart. Here is where it gets tricky.

It asks if I want a protection plan.

Add to your order

- Coverage for accidental damage including drops, spills, and broken parts, as well as breakdowns (plans vary)
- 24/7 support when you need it
- Quick, easy, and frustration-free claims

Cover this product:

<input type="checkbox"/> 2-Year Protection Plan \$289.99 <a href="#">Learn more</a>	
<input type="checkbox"/> 4-Year Protection Plan \$429.99 <a href="#">Learn more</a>	

Cover all of your eligible devices:

<input type="checkbox"/> Complete Protect: One plan covers all eligible past and future purchases \$16.99/month <a href="#">Learn more</a>	
---	--

No thanks Add protection

Here is where it gets tricky.

I don't want a protection plan, so I select No thanks

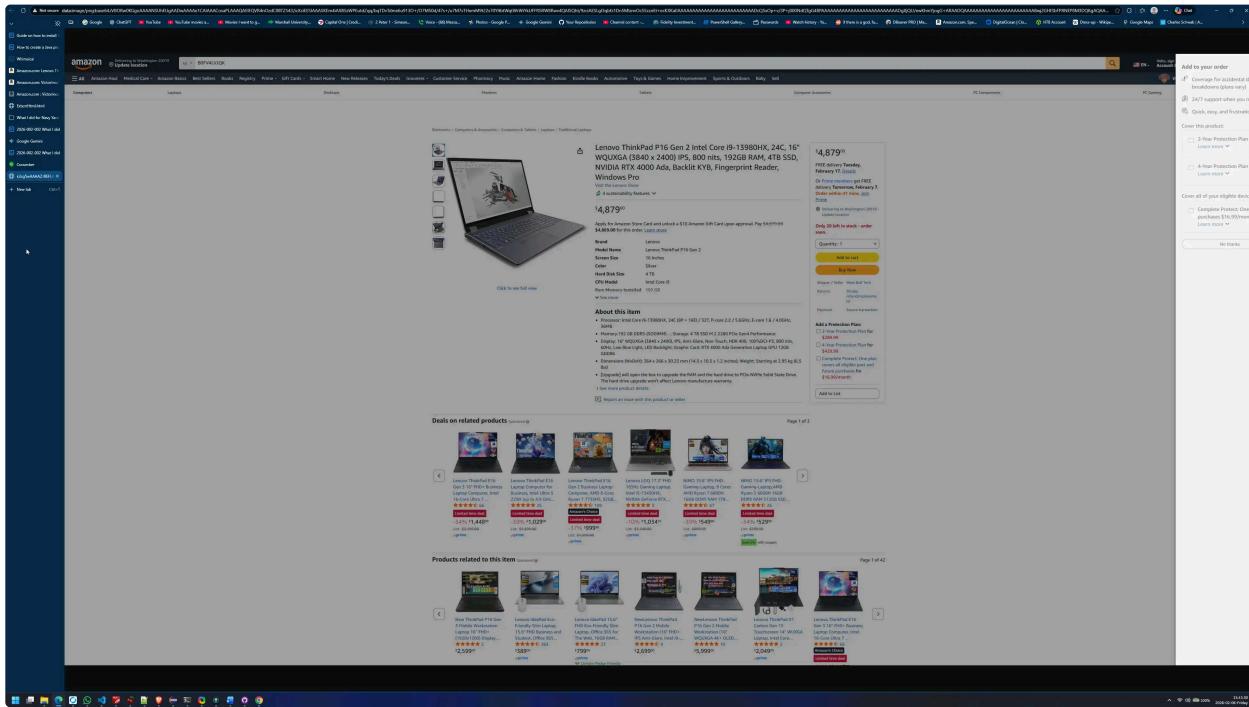

Unfortunately, that screws up the test suite process.

and

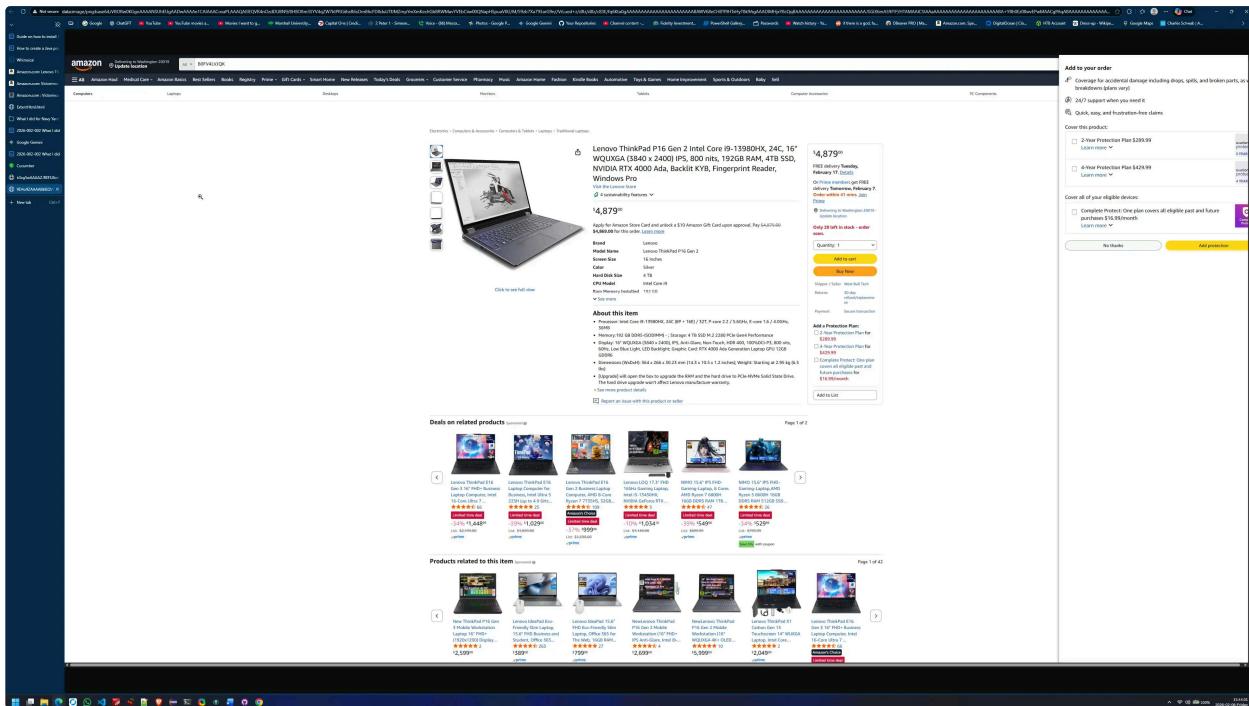

is where it would have gone.

Here is where it gets tricky. I was able to get it to navigate past the pop up by selecting No thanks.

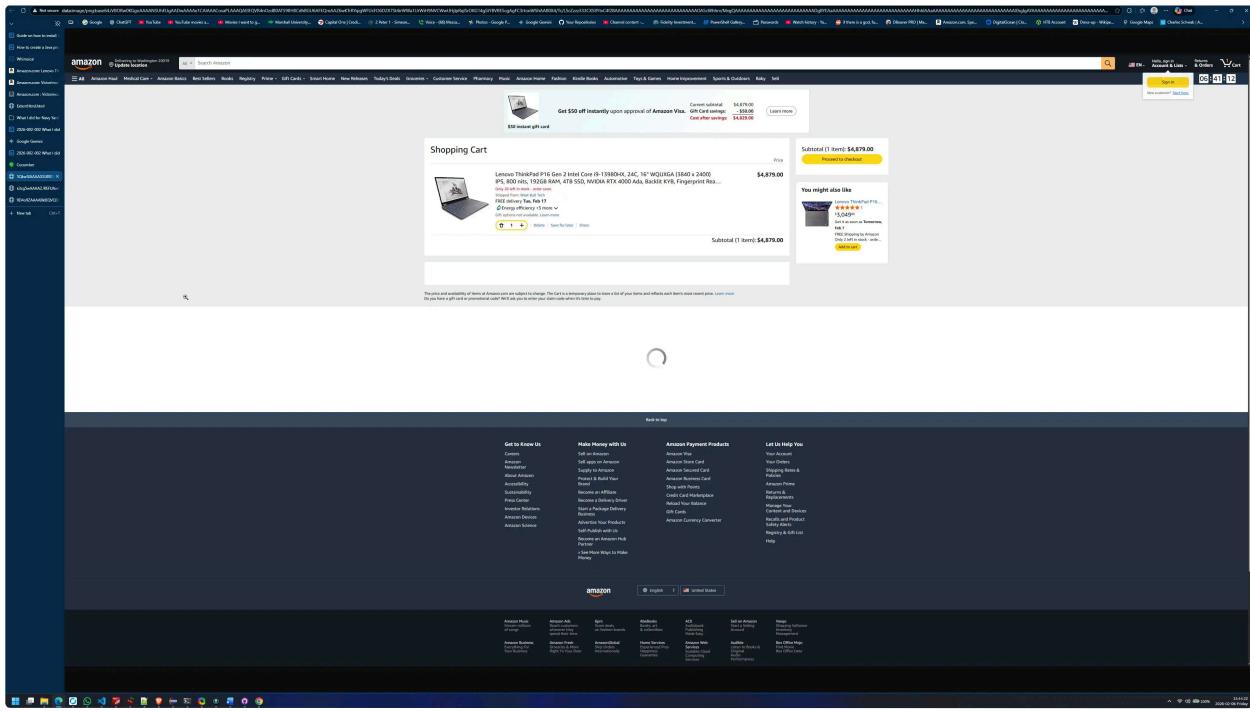

However, I was not able to get it to take screenshots the right way. It would take screenshots the wrong way, so you wouldn't get what you see here. You would get something like

then,

then

but not what you see here where you have product page, product page with pop up, added to cart page, and final cart view display page.

I ran into difficulties with this and I didn't like it.

At the moment, the best I have is something like this.

```

```

If you look at those methods, they try to do it the right way by selecting at the right time, but it doesn't work. It didn't work. So I got stuck on that and tried swiss army knife. "Victorinox Huntsman Swiss Army Knife, 15 Functions, Swiss Made Pocket Knife with Large Blade, Screwdriver, Scissors and Wood Saw - Red",

<https://www.amazon.com/dp/B015PAU6YE>, B015PAU6YE to be exact.

Unfortunately, this one had problems with add protection to cart too, so I gave up.

For details of how I tried to resolve the laptop issue in Gemini, see <https://gemini.google.com/share/3b08b5db05a6>.

I could use clothing, because it doesn't have problem with add protection to item. For example,

```

Anyways, if you want to have a look at my work with training, see [https://github.com/PeterCullenBurberry/testng-cucumber-demonstration/tree/main/Cucumber\\_TestNG\\_Demo\\_Amazon\\_demo\\_focused\\_on\\_fashion\\_test\\_suite\\_2026\\_002\\_002](https://github.com/PeterCullenBurberry/testng-cucumber-demonstration/tree/main/Cucumber_TestNG_Demo_Amazon_demo_focused_on_fashion_test_suite_2026_002_002) and [https://github.com/PeterCullenBurberry/testng-cucumber-demonstration/tree/main/Cucumber\\_TestNG\\_Demo\\_Amazon\\_project\\_demonstration\\_focused\\_on\\_technology\\_screenshots](https://github.com/PeterCullenBurberry/testng-cucumber-demonstration/tree/main/Cucumber_TestNG_Demo_Amazon_project_demonstration_focused_on_technology_screenshots). The second one contains my attempt on making the laptop work.

Okay, so that was that.

I was able to focus better today. I got some work done today.

That's good.

I worked on RSupply some.

I attended Systems Engineering Spotlight (1 CLP) from 13 to 14:05 today. It went a little over because the guy was talking about stuff.

I have completed all of the 39-LANT-New Professional-Master Development Plan-Communities of Interest\_Command Events.

of which there are 2.

I will focus on 39-LANT-New Professional-Master Development Plan-Communities of Interest\_Tour, Short Rotations, etc. when I have completed others.

Then I will have Communities of Interest completed.

Another one of note, to note is Lunch and learns, of which I have completed 4. If I have 2 more, I will have 6 and be done.

The screenshot shows the DoD Learning Portal interface. The main title is "39-LANT-New Professional-Master Development Plan". The curriculum progress is at 33%. The curriculum includes sections like "Lunch and Learns", "Training, Education, and Certification", and "Project Leadership". Under "Lunch and Learns", several items are listed as completed, such as "39-LANT-New Professional-Master Development Plan - Lunch and Learn\_1" and "39-LANT-New Professional-Master Development Plan - Lunch and Learn\_2". Other items like "39-LANT-New Professional-Master Development Plan - Lunch and Learn\_3" and "39-LANT-New Professional-Master Development Plan - Lunch and Learn\_4" are also completed. Some items like "39-LANT-New Professional-Master Development Plan - Lunch and Learn\_5" and "39-LANT-New Professional-Master Development Plan - Lunch and Learn\_6" are either not activated or pending.

The most recent lunch and learn was New Professional Lunch and Learn: Working Capital Funds (WCF) on 2026-001-028 and "HYBRID Event - LC Lunch and Learn "Workplace Rotational Opportunities"" on 2026-001-029.

Once I get 2 more lunch and learns, I will have completed Lunch and Learns.

I will then focus on Training, Education, and Certification. The current status of this is

The screenshot shows the DoD Learning Portal interface. The main title is "39-LANT-New Professional-Master Development Plan". The curriculum progress is at 42%. The curriculum includes sections like "Training, Education, and Certification", "Project Leadership", and "Leadership Foundations, Leadership Styles and Models". Under "Training, Education, and Certification", several items are listed as completed, such as "Business Process Improvement" and "Process Improvement Foundations". Other items like "Teamwork Essentials: Stand Out as a Valuable Team Member" and "Project Leadership" are also completed. Some items like "Tips for Better Business Writing" and "Project Management Foundations" are either not activated or pending.

and

The screenshot shows a web-based training management system. On the left, there's a sidebar with links for 'People Finder', 'List of links for NIWC Atlantic', 'Training details', 'Clipboard transaction', and '+ New tab'. The main content area displays a list of training modules:

- Writing White Papers**: Status: Not Activated, Due: 10/30/2027, Training Hours: 33 min. Description: White papers were originally produced by governments; but now serve a vital purpose in marketing departments worldwide. A white paper is a deep dive...

I will then focus on Training, Education, and Certification. I have completed

- 1 Business Process Improvement I learned how to improve business processes.
- 2 Process Improvement Foundations I learned how analysis worked. I liked this one.
- 3 Teamwork Essentials: Stand Out as a Valuable Team Member
- 4 Project Leadership
- 5 Tips for Better Business Writing

I have started Project Management Foundations, which is a long one at 4 hours 1 minute. That is the longest course so far, followed by Process Improvement Foundations at 1 hour 18 minutes and Business Process Improvement at 58 minutes. "Teamwork Essentials: Stand Out as a Valuable Team Member" and "Tips for Better Business Writing" were short at 28, 27 minutes, respectively.

Anyways, I just wanted to give you an update on the status of my training.

I plan to complete at least some training each week whether its a lunch and learn or a training event.

So this week I made progress on 39-LANT-New Professional-Master Development Plan-Communities of Interest\_Command Events and last week I made progress on Lunch and learns.

One thing to note is that Weathering the Storm is coming up on 2026-003-025 Wednesday and 2026-003-026 Thursday from 8:30 America/New\_York to 17 America/New\_York. Note America/New\_York is the IANA time zone for Eastern Standard Time (EST). EST is unofficial, America/New\_York is official. For the official list of IANA time zones, see <https://www.iana.org/time-zones> and [https://en.wikipedia.org/wiki/List\\_of\\_tz\\_database\\_time\\_zones](https://en.wikipedia.org/wiki/List_of_tz_database_time_zones). The Wikipedia list is more helpful, but <https://www.iana.org/time-zones> is more official.

IANA stands for Internet Assigned Numbers Authority.

Notice the underscore in America/New\_York. It's America/New\_York, not "America/New York".

Here is a table of common time zones.

Official name	Common name	Acronym
America/New_York	Eastern Standard Time	EST
America/Chicago	Central Standard Time	CST
America/Denver	Mountain Standard Time	MST
America/Phoenix	Mountain Standard Time in Arizona	MST
America/Los_Angeles	Pacific Standard Time	PST

The full details of how to handle time zones are in java.time package in the java.base module in Java. java.time handles time zones superbly using ZonedDateTime. Anyways, that's how you handle time zones.

Okay, what I was saying is that there is an activity for New Professionals named Weathering the Storm on 2026-003-025 Wednesday and 2026-003-026 Thursday from 8:30 America/New\_York to 17 America/New\_York.

For people at NDW (Naval District Washington), the meeting will be at Building 220, 3rd floor conference room.

So, anyways, that is something to look forward to.

I am normally a shy person and don't like hanging out with people, but yeah. I am more technically minded and prefer hanging out with the computer, but yeah.

Okay, so anyways, that's a discussion of new professional master development plan.

I think I have completed the training to a satisfactory degree, so I will now be moving on to the project.

Okay, that's a lot, but anyways, I would like to work on the project training some. I am going to use fashion because I ran into problems with laptop and swiss army knife.

I am also working on links list at <https://whimsical.com/list-of-links-for-systems-at-niwc-KgpQPLLWqZa27n5ob2y9H4>.

That's enough for now.

Sincerely,

Peter Burberry
